## A reminder about COVID-19 rules at FAX

In January 2021, President Joe Biden signed [Executive Order 13998](#) imposing a mask requirement for all travelers on U.S. public transportation systems, including rail, van, bus, and motorcoach services, to mitigate the risk of COVID-19. The [Transportation Security Administration](#) (TSA) has extended face mask requirements across all transportation networks through September 13, 2021.

As a courtesy, we remind our passengers about FAX rules that help protect riders and drivers.

Passengers are required to wear facial coverings at all times, as are visitors to any indoor transit facilities like the FAX Handy Ride office. FAX and Handy Ride continue to operate on a regular schedule. Passenger capacity restrictions were lifted on Monday, June 21, 2021, for both FAX and Handy Ride.

For fixed-route service, FAX requests passenger self-screen; for Handy Ride, screenings are conducted at the time of reservation and again when boarding the vehicles.

Do not board the bus if you:

- Have a fever (100.4F), feel warm, or feel chills
- Have a persistent cough, sore throat, or runny nose
- Have had contact or spent time with a suspected or known COVID-19-infected individual.

If you meet any of these conditions, go home immediately and self-isolate.
